

For Intrinsic Landscapes

WHO ARE WE

Intriscapes limited is a professional firm established and registered. The firm was initiated with the aim of providing the full range of landscape design, consultancy, installation and maintenance to developers of various projects in the built environment both in the private and public sectors

Our Services

Landscape planning and design

However large or small your exterior needs are, we will allocate a single point of contact to you, to lead you through the design and planning stages. This ensures that the final product will be tailored exactly to your requirements, whilst also being able to use the finest plants and materials available.

Landscape implementation

Realizing the designs into a working display, garden or estate is a very organic process. We develop a close relationship with our clients who enable any design to be altered or adapted at any stage of the process. The finished product being true to the concept of our initial commission by our clients.

Hardscapes installation

Define your outdoor space and bring symmetry between the house and garden with hard elements.

Give your landscape distinction with pavers, stonescapes and outdoor structures. The Intriscapes Company's hardscapes are works of art. Each unique design uses color, texture and dimension to bring one-of-a-kind elegance to the finished project.

Our crews have hands-on experience installing concrete – stamped and colored, stonewalls patios, paved pathways, flag-stone and boulders.

Landscape Maintenance

Maintenance schedule is a truly essential element in getting the best results. Our highly professional technicians will make scheduled visits to ensure the plant are always looking their very best. Any plants which may be falling below standard would be replaced

Landscape lighting

Outdoor lighting can transform a property at night while highlighting special features conversation areas, fountains, walkways and more. Evening lighting is also essential for safety along paths and for all-season enjoyment of a garden.

Garden irrigation design

Intriscapes ltd, install and maintain watering systems for garden irrigation, parks and sports ground irrigation, landscape & lawn irrigation. Our water irrigation systems include sprinklers, drip irrigation (BioDrip) and automatic watering irrigation systems for beds, grass, plants and trees. Working with world best products and techniques, our professional teams plan & install top quality & cost effective irrigation systems.

Interior plantscaping

Plants within the workplace help to soften and humanize the space; they also produce clean, refreshing air which in turn, will create a relaxed and more productive working environment. If you intend to purchase your plant displays outright, then a maintenance schedule is a truly essential element in getting the best value for money from your plant displays. Our highly professional technicians will make scheduled visits to ensure the plant displays are always looking their very best. Any plants which may be falling below standard would be replaced for no extra charge.

Water features

Turn your backyard into a peaceful retreat with the soothing sound and movement of water. Whether it's a waterfall, pond, stream, fountain, colorful fish or water lilies, we can help you create a slice of paradise in your own backyard. Each water feature designed and created by The Intriscapes limited is a unique concept combining natural stone material and water plants. We integrate your interests and desires with the beautiful accent of nature.

Plants rental display

If you would rather not expend a large part of your office budget on purchasing your plant displays, then could we introduce you to our 'Rental Option'? For a simple monthly charge, we will supply and install all of your personally tailored plant displays, and provide a full maintenance and replacement service as part of the package. As the displays remain the property of Intriscapes limited for the duration of the 'Rental Agreement', it allows for the containers, plants and style of the displays to be changed at any point during the contract period. Thus giving you a much greater freedom to keep your displays up to date with any changes made elsewhere to your office décor.

Florists services

The Intriscapes company understands that floral arrangements are very personal items. Each of our florists specialize in one particular aspect of florists, ensuring that whatever your requirements, we can match the flowers to your exact needs.

For a simple monthly charge, we will supply and install all of your personally tailored plant displays

Plant Nursery and Lawn Installation

Success of a plant is related to the care the plant received in its juvenile stage. We therefore have our plant nursery which is managed and maintained with the highest standard possible to increase the rate of survival of plants after they are transplanted. We also sell and install lawns of different types to suit our clients test and value for their money
